

Unlimited, unchanging, one substance, one Light, one Truth.
Here alone is where Reality resides, where Love reigns.
Here is where you are.
Like an ocean where individual waves arise
Creations canvas.
Has no purpose except to extend Love.
Nothing exists outside of Christ Mind
Contains infinite dimensions of Creation which we share as One.
There is nothing hidden.
Only One, this is Heaven, there is only Perfect Peace.
The Mind of Christ and the Mind of God are one and the same.
The Christ Mind is the extension of God's Perfect Being into, and as, Creation.
The free, unobstructed field of Awareness of God observing His Creation through His Creation.
Christ Mind is like an empty and open channel and nothing can obscure its purity and perfect silence.
